SUMMARY

Results-driven B.Tech student in Artificial Intelligence & Data Science (CGPA: 9.69/10). Experienced in developing end-to-end solutions across Machine Learning, Data Science, and Mobile Development. Skilled in Python, Java, and SQL with focused expertise in Data Analytics, AI, and Cryptography.

EDUCATION

VES Institute of Technology (VESIT) B.Tech in Artificial Intelligence & Data Science CGPA: 9.69/10	Mumbai, MH Aug 2024 – Present
B.N. Bandodkar College of Science Higher Secondary Certificate (HSC) 86.67%	Thane, MH Jun 2022 – Apr 2024
A.K. Joshi English High School Secondary School Certificate (SSC) 94%	Thane, MH Jun 2012 – Apr 2022

EXPERIENCE

Tata | GenAI Powered Data Analytics (Virtual Internship)

- Leveraged GenAI tools for data cleaning and EDA, identifying key business trends and operational patterns.
- Developed interactive visualizations and executive-level insights using AI-driven analytical frameworks.
- Formulated strategic recommendations by synthesizing large datasets to guide corporate decision-making.

PROJECTS

Email/SMS Spam Detection System | *Python, NLP, Scikit-learn, Gradio*

- Developed a 99% accuracy binary classification model using TF-IDF vectorization and Logistic Regression.
- Engineered a Gradio web interface featuring live text prediction and real-time visualization of performance metrics.
- Optimized data preprocessing pipelines using Pandas to handle high-frequency feature extraction.

Prashikshan – NEP Internship Management Platform | *React.js, Node.js, MongoDB*

- Designed a multi-role web platform for internship discovery, logbook tracking, and certification.
- Built responsive React dashboards for applicant management and progress tracking across industry partners.
- Implemented automated logbook monitoring and digital certificate generation to ensure NEP compliance.

CERTIFICATIONS

Oracle | AI & ML in Java

- Mastered integration of Machine Learning algorithms within Java/OOP environments for scalable AI applications.

TECHNICAL SKILLS

Languages: Python, Java (OOP), Dart, SQL, HTML, JavaScript.

Frameworks & Tools: React.js, Node.js, Flutter, Streamlit, Git, GitHub, Google Colab, Figma.

ML / AI: NLP, Supervised Learning, Text Classification, TF-IDF, Feature Extraction, Regression, Random Forests.

Libraries: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn.

CS Fundamentals: Data Structures & Algorithms, DBMS, Operating Systems, OOP.

ACHIEVEMENTS

- 3rd Position:** Zerve AI Datathon 2025 at Techfest, IIT Bombay.
- Finalist:** PU Code Hackathon 3.0 at Vadodara.
- Hackathons:** Participated in Gemini 3 Hackathon and UIDAI - Aadhar Hackathon.
- College Level:** Participated in Genesis Hackathon and Invictus Hackathon (Team Leader).
- Top 20:** SOTY (Student of the Year) Competition, Thane.
- School Rank 1:** (5th and 8th) in Scholarship Examination conducted by MSBSHSE.
